Grant Agreement Number 675527 –
MOGLYNET – H2020-MSCA- ITN 2015/H2020

The **Summer School on Pharma Skills 2018** is organized in the mainframe of the *Moglynet European Joint Doctorate in Drug Discovery and Development*.

It is focused on three main topics:

- Working in a team;
- Intellectual properties and technology transfer;
- Pharmaceutical quality system.

The School includes lectures, group works and seminars.

All the lectures are open to external attendees

PROGRAMME

I session

The whole is more than the sum of its parts: team dynamics and effectiveness in research teams

Sunday 23rd, September

13.30-14.00 Registration for external attendees

14.00-15.45 **"What is a research team?"**
Dr. Chiara Guglielmetti, Department of Economics, Management and Quantitative Methods, University of Milan

15.45-16.15 Coffee break

16.15-18.00 **"Communication, collaboration and performance in research teams"**
Dr. Chiara Guglielmetti

Monday 24th, September

9.00-10.45 **"Conflict management in research teams – part 1"** **Dr. Chiara Guglielmetti**

10.45-11.15 Coffee break

11.15-13.00 **"Conflict management in research teams – part 2"** **Dr. Chiara Guglielmetti**

13.00-14.00 Lunch

14.00 Afternoon Excursion

II session

Patent as a crucial step in drug development

Tuesday 25th, September

8.30-9.00 Registration for external attendees

Morning: Learning module

9.00-10.00 **"Patent vs know how and prior art definition"** **Dr. Dorotea Rigamonti**, Jacobacci & Partners, Milan

10.00-11.00 **"IP exploitation and valorization"** **Dr. Chiara Soncini**, Department of Veterinary Medicine, University of Milan

11.00-11.30 Coffee break

11.30-13.30 **"Patenting in the biotech field"**
Dr. Federica Trupiano, mgt patents, Milan

13.30-14.30 Lunch

Afternoon: Practical module

14.30-18.30 **"Case report & Practical exercises on IP"** **Dr. Giorgio Long**, **Dr. Dorotea Rigamonti**, Jacobacci & Partners, Milan

20.00 Summer School Dinner

III session

Quality in the Development and Manufacturing of Active Ingredients and Drug Products

Wednesday 26th, September

8.00-8.30 Registration for external attendees

8.30-8.40 **Introduction to the Session**, **Dr. Alessandro Regola**, **Dr. Marco Adami**, AFI - Italian Industrial Pharmacists Society

8.40-9.00 **"EIPG and its role for the Industrial Pharmacists in Europe"** **Dr. Anni Svala**, European Industrial Pharmacists Group

9.00-9.45 **"Pharmaceutical development and technology transfer"** **Dr. Marco Adami**, AFI, Italian Industrial Pharmacists Society

9.45-10.30 **"Laws, norms and guidelines for APIs and Drug Products manufacturing"**
Dr. Alessandro Regola, AFI, Italian Industrial Pharmacists Society

10.30-11.00 Coffee break

11.00-11.45 **"GMP in the production of APIs"**
Dr. Piero Iamartino, European Industrial Pharmacists Group

11.45-12.30 **"GMPs in the production of Drug Products"** **Dr. Chiara Piacenza**, Bayer HealthCare

12.30-14.00 Lunch

14.00-14.45 **"GMP in the production of Biotech Products"** **Dr. Monica Gunetti**, 2i3T Scarl Cell Factory Torino, Centro di Biotecnologie Molecolari- University of Turin

14.45-15.30 **"European Directorate for the Quality of Medicines: role and responsibilities"** **Dr. Susanne Keitel**, European Directorate for the Quality of Medicines & HealthCare, Council of Europe

15.30-16.15 **"GMP inspections: the Italian and European system"** **Dr. Carla Maione**, AIFA - Italian Medicines Agency

16.15-16.45 Coffee Break

16.45-17.30 **"The Supply Chain for Medicines"**
Dr. Maurizio Battistini, European Industrial Pharmacists Group

17.30 **Closing remarks**
